Dear Parents/Guardians,

PRIMARY FOUR LEVEL MATTERS – TERM 4

As we approach the end of the academic year, I would like to take this opportunity to thank you for your support and cooperation for the past 3 terms. The upcoming Term 4 is an important term as we conclude our learning for the year and make plans for the next. Do encourage your child to reflect on his/her learning for the year and seek improvement as he/she aspires to progress to the next phase of learning.

- English Oral and MT Oral will be conducted after curriculum time. Students will be informed of their oral exam details by the subject teachers before the examination.
- If your child is unwell on the day of the oral examination and has a valid Medical Certificate, your child will take the oral examination on the next day.
- Please be reminded that a medical certificate (with the exception of Covid-19, if your child is Ag+ where MC is not required) is required in the event that your child is absent on any of the examination days. The examination marks for students who are absent during examination and covered by Medical Certificates or screenshot of the ART test will be pro-rated. Failure to produce a valid document will render a zero-mark scored. We regret to inform you that letters of excuse will not be accepted.

3. Level Programmes

Remedial and Enrichment Lessons

Remedial lessons will be conducted from Week 1 (beginning 12 Sep 2022). The subject teachers will inform your child and you accordingly via Parents Gateway if your child is selected to attend any remedial/supplementary or enrichment class. We strongly urge all parents to assist in ensuring your child attends the lessons regularly in order to fully benefit from it academically.

Museum-based Learning

The school is organising the Museum-based Learning (MBL) to National Gallery Singapore for P4 students. Since 2018, all primary school students visit a museum as a key component of a refreshed art education syllabus aimed at making learning more authentic and for exposure to Singaporean art. The guided tour will be facilitated by education facilitators from the National Gallery Singapore. During the MBL, students will sharpen their visual inquiry skills such as observation and active discussions. They will also learn more about curated artworks, including artworks by local artists Koeh Sia Yong and Chua Mia Tee.

As we approach the end of the academic year, we would like to express our appreciation and thank you for your support and cooperation for the past three terms. It has been an absolute pleasure being on this learning journey together with all the Primary 4 students this year and we wish them every success as they move on to Primary 5 next year.
